Field Technician – Regina

Under the direction of the Site Superintendent, the Field Technician assists in the quality control, timely construction and completion of homes. Will be responsible to perform basic carpentry and general labor duties including but not limited to digging, sweeping and lifting. They must prepare all houses for walkthroughs and possession and assist the Site Superintendent with daily duties.

Our ideal candidate will be a team player but also have the ability to work independently. They must be organized and have strong problem solving abilities.
